NUT TREE VILLAGE TO HOLD GROUND BREAKING CEREMONY

Vacaville, CA – Westrust Ventures, LLC will hold a ground breaking ceremony for the new Nut Tree Village this Wednesday, May 27 at 1:00 p.m. The celebration, which is open to the public, will take place in the Nut Tree Village Grove.

“This is a momentous occasion for the Nut Tree Village, Westrust and the City of Vacaville,” stated Ricardo Capretta, Co-Managing Partner of Westrust. “This officially begins the process of reinvigorating the Nut Tree Village by bringing entertainment elements, such as the Nut Tree train and carousel, to the front of the property where they will be highly visible and attract people into the retail and dining center.”

Westrust is investing nearly \$1 million in the redesign of the Nut Tree Village Grove with an emphasis on incorporating historic elements of the Nut Tree into an active, affordable, family-oriented destination. Elements of the project include expanded picnic areas providing the opportunity for casual dining from the Village restaurants, a new play area including the historic Nut Tree rocking horses, train and carousel rides available for a minimal per ride ticket price, and a designated special events area for community and Nut Tree Village events.
